

NWA Suzuki School of Music
LESSON OBSERVATION FORM

OBSERVATION INSTRUCTIONS

Thank you for your interest in beginning your Suzuki journey. The purpose of observing lessons is to see the Suzuki Method and its philosophy in action.

When observing another student's lesson, please arrive 5 minutes early. Please help your child listen quietly while in the lesson. If your child becomes restless, please leave the studio (it is okay to do so). In order to avoid distracting the student taking the lesson, please take notes and save any questions you may have for email or phone conversations after the lesson.

Please call the office at (479) 259-1321 to schedule observations. Your observation schedule will then be emailed to you and the teacher(s) you will be observing. If a lesson needs to be cancelled by the student or teacher you are observing, you will be contacted by phone to reschedule. If you miss one of your observation appointments, it is your responsibility to call the main office and reschedule.

GROUP CLASS OBSERVATION (REQUIRED)

Teacher Name:	Date of class observed:
---------------	-------------------------
